

THE METAL CONTENT OF HOT WHITE DWARF SPECTRA

N. J. Dickinson*, M. A. Barstow, B. Y. Welsh, M. Burleigh, S. L. Casewell, J. Farihi, R. Lallement

*E-mail: njd15@le.ac.uk

- White dwarfs are evolutionary end products.
- Metals in cool white dwarfs; old planetary systems.
- Metals in hot white dwarfs; radiative levitation.
- Circumstellar metals near hot white dwarfs; also ancient planetary systems?
